OFF: Unilluminated

Ivory Autumnus Tansflex

Ivory Autumnus stone veneer has been designed with ivory hues. The beauty of an autumn day is captured in the warmth and peacefulness of this stone veneer. This stone utilizes light to enhance its beauty, as light is softly dispersed through the stone.

ON: Illuminated

OFF: Unilluminated

Golden Patina Transflex

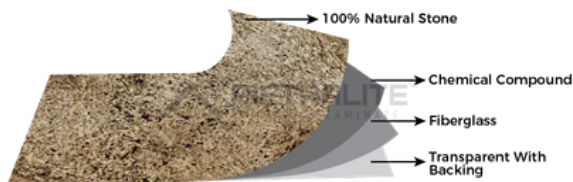

Golden Patina Stone veneer captures the luxurious warmth of traditional golden hues and elevates the design of contemporary interiors. With a translucent design, our stone veneer gives interior spaces an adorned and elegant ambient glow.

ON: Illuminated

OFF: Unilluminated

Spring Autumnus Transflex

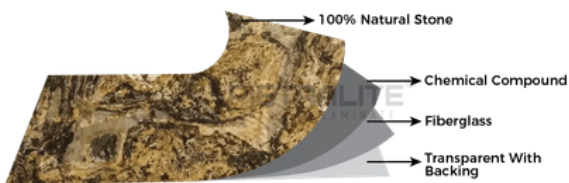

Spring Autumnus Translucent Stone Veneer combines the textures of the seasons with a colorful palette of earth tones reminiscent of Spring. The ability of light to pass through the material brings a new dimension of color and a bright design. Panels may differ in texture and color because our product is natural stone. Texture and color can also be influenced by the background lighting.

OFF: Unilluminated

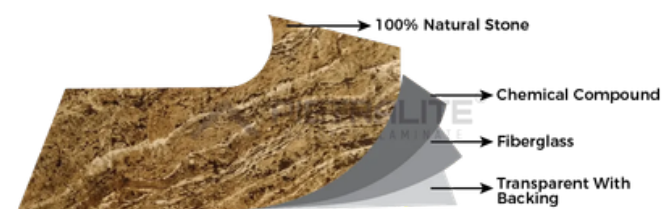

Tan Autumnus Transflex

Tan Autumnus Translucent Stone Veneer highlights the beautiful warm tan tones of autumn. Its tan color brings an inviting cozy sophistication. The translucent quality softens light and diffuses it giving off that relaxing autumn scenery feeling. Because our products are made of real stone, slight differences in color, texture and overall look may appear from one panel to the next.
